

Together, towards new destinations.

ARKAS ITALIA

We boast a robust service network that seamlessly connects various regions of Italy, from the North to the South, to key ports in the Mediterranean, Black Sea, West Africa, USA and, via Suez, also the Red Sea and India.

With a dedicated network of logistic partners and inland terminals, we facilitate the land movement of over 25,000 containers annually, also via truck and rail.

This comprehensive approach allows us to offer our clients a full spectrum of logistic solutions.

The efficient coordination of transport services and terminal operations ensures the seamless flow of goods, protecting the environment and contributing to our success and the satisfaction of our clientele.
